

# Away Supporters Routes to London Stadium

Due to the temporary closure of Pudding Mill Lane DLR station, the **recommended** route for Tottenham Hotspur supporters travelling to Saturday's match at London Stadium is via the **green walking route** from Hackney Wick station, which is closest to the designated away supporter entrance at turnstile D. This route will take Spurs supporters to Bridge 4 where the security search checkpoint closest to the away turnstiles is located. For Spurs supporters travelling to Stratford Station, it is important that you follow the **red walking route** to Bridge 4.
